

Joe Thomas 9/4 Script

ESPN The Bozo Channel

Finally, Joe Thomas has come back to KURY Radio of Brookings, Oregon!

How unfortunate that ESPN decided somewhere down the line they did not want to be in the business of being a sports channel anymore. The loser morons running ESPN these days want it to be just another part of the Fake News Media Universe. Idiot nerds like Max Kellerman on ESPN are always running their mouths about politics and social issues when they do not even know that much about sports in the first place, and they know even less about politics.

I would have to say the freaks over at ESPN are not going to make anybody forget about Noam Chomsky or Gore Vidal in the near future. The bigmouth jerks over at ESPN have even less intellectual firepower than Micky Mouse or Donald Duck. I mention this because ESPN is part of the Disney Corporation.

The slimeballs in the Fake News Media insist on calling Donald Trump a Nazi, even though over half his family is Jewish! Some of the braindead idiots over at ESPN insist on repeating this sort of McCarthyite drumbeat against our president. Maybe somebody should point out to these anti-American creeps at ESPN the fact they get paid by a corporation called Walt Disney.

Walt Disney the man was a Nazi sympathizer during World War II. Do I hear anybody talk about changing the name of the Walt Disney Company? I didn't think so.

Robert E. Lee was head of the Confederate Army and died in the 19th century. Robert Lee the ESPN announcer is an Asian man living now. Get it straight morons!
