

February 2, 2018 KURY –No matter what!

I'm April V. from Coastline Neighbors for Brookings Harbor Voices,
My son is a US Air Force Academy Cadet. Here is a portion of a note I got from another military mom this week.

"Today is business as usual.
It does not matter that the government shut down.
Today my husband is at work preparing with his unit to deploy in less than 48 hours. You will not see him abandon his mission. You will not see him lay down his weapon over a funding issue. I guarantee it.....

It is life as usual for military service members. They will rally. They will cover the absences of their civilian coworkers who will be forced to stay home.. They will work twice as hard to make sure that everything gets done. " (Political Parties do not matter)
"Government shutdown", (political posturing?), "pay or no pay, every single soldier, airman, sailor and marine will honor his or her oath. They will get the job done. They will proudly continue to serve YOU no matter the circumstance. No matter what it takes. "

Isn't that a heartfelt message? No politician, no partisanship, can shut down the American Spirit.
Do What's Right. Serve your community.
Be a great neighbor. Work hard for each other.

This is April V. signing off for Coastline Neighbors.
